alc. 11%

## Honey from our own bees

Available at the bar

€8 per jar

# PURE MENSEN...

Even our people are PURE, many of our employees gain work experience under supervision. They get to know the rhythm of a job and build up experience. This will give them better opportunities in the labor market.

At Bij Puur we offer a form of social activation for people with distance to the labor market. By offering them work at one of our various learning workplaces, our people can take a step towards paid work by building up a work rhythm, developing work-related skills and increasing their self-reliance.

A few days a week, a number of students from the PWA school work at a Bij Puur location, under the supervision of a specialist teacher. We call this a LOL internship (Learning On Location). These students are taught several catering skills at school, which they will now practice in a professional environment.

‘Bij Puur’ supports initiatives such as these and also offers the motivated student employees of, among others, Prins Heerlijk the opportunity to gain work experience as a cook or as a hostess/host.

**They will be happy to serve you!**
